Being part of the group

weRfoods is an agri-food group that integrates every stage of the meat chain, from the breeding and management of livestock, to the production of high-quality meat products and derivate, with a clear commitment: *feed lives*.

Companies that are part of the group:

Our vision and mission

VISION

To become the leading choice among all alternatives for the HORECA and Foodservice sector.

MISSION

To support, streamline and simplify the work of culinary professionals by proving the highest guarantees of:

- Regularity
- Calibration
- Quality
- Naturalness
- High profitability
- Food safety

Our strong values

The consistent sum of small details - respect, trust and commitment- defines who we are and who we move forward with day after day.

Customer satisfaction is our reason for being, as it is the only guarantee of our continued existence and sustainable growth.
